

# Annual Index Volume 51

## 1976 AUTHOR'S INDEX

- Barker, Pat Berry. *The Early Days of Geology in Britain*. March, p. 87; *Eastern Federation Show: Boston, 1959*. June, p. 224
- Batory, Dana Martin. *100 Years of History: Nevada's Comstock Lode*. Sept., p. 345
- Battista, Betty. *The Rock-Swapper's Check List*. May, p. 188
- Biggart, Norman B. *Thumbnails—Francon Quarry*. Nov., p. 455
- Boatwright, Cecil *Unusual Jade-Like Quartz from Georgia*. Jan.-Feb., p. 20
- Bolick, Glenn R. *How to Cover Showcase Risers*. Jan.-Feb., p. 47
- Boyd, R. H. *Indian Artifacts and Museums in Illinois and Missouri*. May, p. 206
- Bradbury, Rudy *Acids*. July-Aug., p. 310; *The Geology of Cape Cod*. June, p. 248; *Our Mineral Heritage '76*. June, p. 222.
- Brown, Charlotte. *Acids*. July-Aug., p. 310
- Coulton, Richard L. *Some Upper Cretaceous Index Fossils*. April, p. 135
- Cox, Robert L. *The Micromounters Corner—The Pedestal—Backbone of a Micromount*. Jan.-Feb., p. 26; *The Micromounters Corner—Obtaining Material*. March, p. 90; *The Micromounters Corner—Orientation*. April, p. 142; *The Micromounters Corner—The Size of Micromounts*. May, p. 194; *The Micromounters Corner—A Tale of Two Cities, Where Are All the Old Stereo Microscopes?* July-Aug., p. 294; *The Micromounters Corner—Why Collect Micromounts?* Sept., p. 353; *The Micromounters Corner—Sand Micromounting*. Oct., p. 401; *The Micromounters Corner—Illumination and Illuminators*. Nov., p. 450
- Dove, Linda. *Looking Back—50 Years of Rocks and Minerals*. Dec., p. 485
- Dubiski, Bernard M. *Kyanite, Fuchsite*. July-Aug., p. 312; *Natrolite*. Sept., p. 364; *Pyrrhotite*. Oct., p. 398; *Two Specimens of Garnet*. Nov. p. 463
- Dunn, Pete J. *The Lead Mines of Loudville*. June, p. 250; *Where Minerals Matter*. June, p. 219
- Fayaz, Hashem. *The Apatite of Hormuz Island, Iran*. March, p. 85; *The Fluorite of Gomsheche Mine, Natanz, Iran*. Sept., p. 350
- Feaster, Sam. *Mount Up!* Jan.-Feb., p. 48
- Fisher, Henry H. *Trapezohedral Pyrite in Ohio*. July-Aug., p. 293
- Ford, Clayton. *Thumbnails—Lost, Found or Strayed*. July-Aug., p. 298
- Forghani, Abdol-Hossein. *The Apatite of Hormuz Island, Iran*. March, p. 85
- Furbish, William J. *Analclime and Thompsonite in Humboldt County, Nevada*. July-Aug., p. 283
- Godshalk, S. L. *A Modified Method for Dopping Stones*. Nov., p. 446
- Gordon, Samuel G. *Brookite Crystals from Franklin, N.J.* Dec., p. 519
- Grande, Marie H. *The Association of Massachusetts Mineral Clubs*. June, p. 256
- Green, Richard *Pyromorphite*. April, p. 130
- Hanahan, John Jr. *The Thing from Out of the Sky*. Sept., p. 342
- Harding, Bruce L. *Chalcedony*. Jan.-Feb., p. 53; *The Importance of Mineralogy to the Lapidary*. March, p. 80; *Crazy Corundum*. May, p. 180; *Garnet Quiz*. July-August, p. 307
- Henderson, John R. *Occurrences of Hyalite in North Carolina*. Dec., p. 490
- Heusser, George. *An Update on Collecting Around Ellenville, New York*. Sept., p. 339
- Howell, Frederick H. *Molybdenite—(MoS<sub>2</sub>)*. April, p. 154; *Magnetite*. July-Aug., p. 311; *The Copper Twins*. Oct., p. 412; *Cassiterite*. Nov., p. 460
- Ives, Ronald L. *Columbian Emerald Sources*. Dec., p. 507
- Jensen, David E. *Lapis Lazuli from Edwards, N.Y. Is Now Verified*. April, p. 155; *For the Field Collector: What to Take Along*. May p. 185; *The Quality of Mineral Specimens*. July-Aug., p. 286; *Storing Mineral and Gem Collections*. Nov., p. 441

- Jensen, Kay. *For the Field Collector: What to Take Along*. May, p. 185; *The Quality of Mineral Specimens*. July-Aug., p. 286; *Storing Mineral and Gem Collections*. Nov., p. 441
- Kase, Linda. *Minas Gerais, Brazil—A Happy Hunting Ground*. Jan.-Feb., p. 22
- King, Vandall T. *Identification of Minerals*. Jan.-Feb., p. 32; *The Study of Minerals—Rarity*. March, p. 94; *The Study of Minerals—Color of Minerals*. May, p. 195; *The Study of Minerals—Labelling and Cleaning Mineral Specimens*. July-Aug., p. 296; *The Study of Minerals—The Common Minerals*. Oct., p. 403; *The Study of Minerals—Hardness*. Nov., p. 452
- Klunk, William. *Flint Ridge and the Mound Builders*. Jan.-Feb., p. 13; *The Trilobites of Swatara Gap, Pennsylvania*. May, p. 189
- Kushner, Ervan F. *Ewald Gerstmann and Gerstmannite*. April, p. 125
- MacLeod, Helen. *Which Is More Important When Cutting—Pavilion or Crown?* Jan.-Feb., p. 35
- McBrien, Margaret A. *Massachusetts Fossils*. June, p. 234
- Maier, Bruce. *The Inclusions of Quartz*. Nov., p. 461
- Marble, Peg. *Book Review: The Rockhound's Handbook by V. A. and G. I. Firsoff*. Jan.-Feb., p. 44
- Marshall, John. *Three Recent Discoveries in New England*. June, p. 237; *The Lead Mines of Loudville*. June, p. 250
- Mitchell, Richard S. *A Turquoise-Like Mixture of Chalcedony and Celadonite from Conejos County, Colorado*. Oct., p. 394
- Molon, Joseph. *Minerals from Thomaston Dam, Thomaston, Connecticut*. Nov., p. 449
- Morin, Ronald E. *How To Tumble*. May, p. 183; *Galena—A Simple Mineral*. Oct., p. 396
- Reiner, John. *Thumbnails—Trading and Swapping*. Jan.-Feb., p. 34; *Thumbnails*. March, p. 93; *Thumbnails*. April, p. 145; *Suggestions from A Veteran Collector*. June, p. 258; *Thumbnails—Lost, Found or Strayed*. July-Aug., p. 298; *Thumbnails*. Oct., p. 405; *Thumbnails—Francon Quarry*. Nov., p. 455
- Rich, Carter C. *An Easy-To-Build Micro-mount Cabinet*. Nov., p. 435
- Scalisi, I. Phillip. *Harvard's Mineralogical Museum*. June, p. 242
- Schrader, Ed. L. *Analcime and Thompsonite in Humboldt County, Nevada*. July-Aug., p. 283
- Seaman, David M. *Color Photographs and Mineral Identification*. Jan.-Feb., p. 18; *Fluorescent Minerals from Little Known Localities*. Dec., p. 493
- Sevrens, Palmer. *Bog Iron: Massachusetts Mineral Heritage*. June, p. 228
- Shockley, Woodland G. *Mineral Collecting in Magnet Cove, Arkansas*. Dec., p. 495
- Sterrett, Douglas B. *Old Plantation Emerald Mine*. Dec., p. 521
- Strong, Louise. *Caves—A Resource to be Preserved*. March, p. 77
- Taparowsky, Jim. *Chistolite—A Massachusetts Classic*. June, p. 245
- Thorne, Peter. *Fossil Pearls in the United States*. Oct., p. 386
- Vonsen, M. *Borates of California*. Dec., p. 511
- Wegad, Gilbert. *Faceting*. April, p. 153; *Faceting—Basics*. July-Aug., p. 309
- Wengerd, Edgar. *Working with Opal*. Oct., p. 411
- Wertz, Ruth Cole. *Judges—What Would We Do without Them?* Jan.-Feb., p. 28; *Certification of Judges—An Eastern Federation Project*. April, p. 143
- Wertz, Vernon. *Chips and Bits from EFMLS Clubs*. Jan.-Feb., p. 38; *Chips and Bits from EFMLS Clubs*. March, p. 96; *Chips and Bits from EFMLS Clubs*. April, p. 147; *Chips and Bits from EFMLS Clubs*. May, p. 202; *Chips and Bits from EFMLS Clubs*. July-Aug., p. 303; *Chips and Bits from EFMLS Clubs*. Sept., p. 356; *Chips and Bits from EFMLS Clubs*. Oct., p. 407; *Chips and Bits from EFMLS Clubs*. Nov., p. 456
- Wight, Willow. *Special Gemstone Exhibit at the National Museums of Canada*. July-Aug., p. 288
- Wood, Simone. *Tips for Preparing A Display Case*. Nov., p. 443
- Zirlin, Sande H. *The Rock-Swapper's Check List*. May, p. 188

Zodac, Peter. *Mineral Collecting—The Oldest Hobby Known*. Dec., p. 483; *Editorial*, December, 1929. Dec., p. 487; *Ilmenite from Bedford*, N.Y. Dec., p. 488

Zvirblis, Anthony G. *Permian Climate*. Jan.-Feb., p. 30; *Fossil Department—The Early Plants*. March, p. 91; *Book Review: The Pitted Men by Ronald Miller*. April, p. 151; *Fossil Department—Photo Quiz*. May, p. 199; *Fossil Department—Fossil Quiz*. July-Aug., p. 301; *Fossil Department—Loch Ness Update*. Sept., p. 354

## INDEX TO LOCALITIES

Arkansas—*Mineral Collecting in Magnet Cove, Arkansas*. Woodland G. Shockley. Dec., p. 495

Brazil—*Minas Geras, Brazil—A Happy Hunting Ground*. Linda Kase. Jan.-Feb., p. 22

California—*Borates of California*. M. Vonsen. Dec., p. 511

Canada—*Special Gemstone Exhibit at the National Museums of Canada*. Willow Wight. July-August, p. 288; *Thumbnails—Francon Quarry*. Norman B. Biggart, John Reiner. Nov., p. 455

Colorado—*A Turquoise-Like Mixture of Chalcedony and Celedonite from Conejos County, Colorado*. Richard S. Mitchell. Oct., p. 394

Connecticut—*Minerals From Thomaston Dam, Thomaston, Connecticut*. Joseph Molon. Nov., p. 449

England—*The Early Days of Geology in Britain*. Pat Berry Barker. March, p. 87

Florida—*Florida's State Gem*. Oct., p. 413

Georgia—*Unusual Jade-Like Quartz from Georgia*. Cecil Boatwright. Jan.-Feb., p. 20

Illinois—*Indian Artifacts and Museums in Illinois and Missouri*. R. H. Boyd. May, p. 206

Iran—*The Apatite of Hormuz Island, Iran*. Hashem Fayaz, Abdol-Hossein Forghani. March, p. 85; *The Fluorite of Gomsheche Mine, Natanz, Iran*. Hashem Fayaz. Sept., p. 350

Maine—*Three Recent Discoveries in New England*. John Marshall. June, p. 237

Massachusetts—*Where Minerals Matter*.

Pete J. Dunn. June, p. 219; *Bog Iron:*

*Massachusetts Mineral Heritage*. Pal-

mer Sevens. June, p. 228; *Massachu-*

*setts Fossils*. Margaret A. McBrien.

June, p. 234; *Three Recent Discoveries*

*in New England*. John Marshall. June,

p. 237; *Harvard's Mineralogical*

*Museum*. Phillip I. Scalisi. June, p.

242; *Chiastolite—A Massachusetts*

*Classic*. Jim Taparowsky. June, p. 245;

*The Geology of Cape Cod*. Rudy Brad-

bury. June, p. 248; *The Lead Mines*

*of Loudville*. John Marshall, Pete J.

Dunn. June, p. 250; *The Association*

*of Massachusetts Mineral Clubs*. Marie

H. Grande. June, p. 256; *Suggestions*

*from A Veteran Collector*. John

Reiner. June, p. 258

Missouri—*Indian Artifacts and Museums in Illinois and Missouri*. R. H. Boyd. May, p. 206

Nevada—*100 Years of History: Nevada's Comstock Lode*. Dana Martin Batory.

Sept., p. 339; *Analcime and Thomp-*

*sonite in Humboldt County, Nevada*.

Ed L. Schrader, William J. Furbish.

July-August, p. 283

New Hampshire—*Three Recent Discoveries in New England*. John Marshall. June, p. 237; *Suggestions from A Veteran Collector*. John Reiner. June, p. 258

New Jersey—*Ewald Gerstmann and Gerstmannite*. Ervan F. Kushner. April, p. 125; *Brookite Crystals from Franklin, N.J.* Samuel G. Gordon. Dec., p. 519; *New Jersey—A Rockhound's Paradise*. Sept., p. 362

New York—*Lapis Lazuli from Edwards, N.Y. Is Now Verified*. David E. Jensen. April, p. 155; *An Update on Collecting Around Ellenville, New York*. George Heusser. Sept., p. 339; *Ilmenite from Bedford, N.Y.* Peter Zodac. Dec., p. 488

North Carolina—*The Thing from Out of the Sky*. John Hanahan Jr. Sept., p. 342; *Occurrences of Hyalite in North Carolina*. John R. Henderson. Dec., p. 490; *"Old Plantation" Emerald Mine*. Douglas B. Sterrett. Dec., p. 521

- Ohio—*Flint Ridge and the Mound Builders*. William Klunk. Jan.-Feb., p. 13; *Trapezohedral Pyrite in Ohio*. Henry H. Fisher. July-August, p. 293
- Pennsylvania—*The Trilobites of Swatara Gap, Pennsylvania*. William Flunk. May, p. 189
- South America—*Columbian Emerald Sources*. Ronald L. Ives. Dec., p. 507

## INDEX TO PARTICULAR MINERALS AND SPECIES

- Amethyst—*Minas Gerais, Brazil—A Happy Hunting Ground*. Linda Kase. Jan.-Feb., p. 22; *Three Recent Discoveries in New England*. John Marshall. June, p. 237
- Analcime—*Analcime and Thompsonite in Humboldt County, Nevada*. William J. Furbish, Ed L. Schrader. July-August, p. 283
- Anglesite—*The Lead Mines of Loudville*. John Marshall, Pete J. Dunn. June, p. 250
- Apatite—*The Apatite of Hormuz Island, Iran*. Hashem Fayaz, Abdol-Hossein Forghani. March, p. 85
- Babingtonite—*The Association of Massachusetts Mineral Clubs*. Marie H. Grande. June, p. 256; *Suggestions from a Veteran Collector*. John Reiner. June, p. 258
- Barite—*Minerals from Thomaston Dam, Thomaston, Connecticut*. Joseph Molon. Nov., p. 449
- Beryl—*Minas Gerais, Brazil—A Happy Hunting Ground*. Linda Kase, Jan.-Feb., p. 22
- Bog Iron—*Bog Iron: Massachusetts Mineral Heritage*. Palmer Sevrens. June, p. 228
- Borates—*Borates of California*. M. Vonsen. Dec., p. 511
- Brookite—*Brookite Crystals from Franklin, N.J.* Samuel G. Gordon. Dec., p. 519; *Mineral Collecting in Magnet Cove, Arkansas*. Woodland G. Shockley. Dec., p. 495
- Calcite—*Mineral Collecting in Magnet Cove, Arkansas*. Woodland G. Shockley. Dec., p. 495
- Cassiterite—*Cassiterite*. Frederick H. Howell. Nov., p. 460
- Celadonite—*A Turquoise-Like Mixture of Chalcedony and Celadonite from Conejos County, Colorado*. Richard S. Mitchell. Oct., p. 394
- Cerussite—*The Lead Mines of Loudville*. John Marshall, Pete J. Dunn. June, p. 250
- Chabazite—*Minerals from Thomaston Dam, Thomaston, Connecticut*. Joseph Molon. Nov., p. 449
- Chiasolite—*Chiasolite—A Massachusetts Classic*. Jim Taparowsky. June, p. 245
- Chalcedony—*Chalcedony*. Bruce L. Harding. Jan.-Feb., p. 53; *A Turquoise-Like Mixture of Chalcedony and Celadonite from Conejos County, Colorado*. Richard S. Mitchell. Oct., p. 394
- Copper—*The Copper Twins*. Frederick H. Howell. Oct., p. 412
- Corundum—*Crazy Corundum*. Bruce L. Harding. May, p. 180
- Emeralds—*Columbian Emerald Sources*. Ronald L. Ives. Dec., p. 507; *"Old Plantation" Emerald Mine*. Douglas B. Sterrett. Dec., p. 521
- Flint—*Flint Ridge and the Mound Builders*. William Klunk. Jan.-Feb., p. 13
- Fluorescents—*Fluorescent Minerals from Little Known Localities*. David Seaman. Dec., p. 493
- Fluorite—*Three Recent Discoveries in New England*. John Marshall. June, p. 237
- Fuchsite—*Kyanite, Fuchsite*. Bernard M. Dubeski. July-August, p. 312
- Galena—*Galena—A Simple Mineral*. Ronald E. Morin. Oct., p. 396; *Thumbnails—Francon Quarry*. Norman B. Biggart, John Reiner. Nov., p. 455
- Garnets—*Garnet Quiz*. Bruce L. Harding. July-August, p. 307; *Two Specimens of Garnet*. Bernard M. Dubeski. Nov., p. 463
- Gerstmannite—*Ewald Gerstmann and Gerstmannite*. Ervan F. Kushner. April, p. 125
- Graphite—*Thumbnails—Francon Quarry*. Norman B. Biggart, John Reiner. Nov., p. 455
- Heulandite—*Minerals from Thomaston Dam, Thomaston, Connecticut*. Joseph Molon. Nov., p. 449
- Hyalite—*Occurrences of Hyalite in North Carolina*. John R. Henderson. Dec., p. 490

**Ilmenite**—*Ilmenite from Bedford, N.Y.* Peter Zodac. Dec., p. 488; *Mineral Collecting in Magnet Cove, Arkansas.* Woodland G. Shockley. Dec., p. 495  
**Kyanite**—*Kyanite, Fuchsite.* Bernard M. Dubeski. July-August, p. 312  
**Lapis Lazuli**—*Lapis Lazuli from Edwards, n. Y. Is Now Verified.* April, p. 155  
**Magnetite**—*Magnetite.* Frederick H. Howell. July-August, p. 311  
**Molybdenite**—*Molybdenite.* Frederick H. Howell. April, p. 154; *Thumbnails—Francon Quarry.* Norman B. Biggart, John Reiner. Nov., p. 455; *Mineral Collecting in Magnet Cove, Arkansas.* Woodland G. Shockley. Dec., p. 495  
**Natrolite**—*Natrolite.* Bernard M. Dubeski. Sept., p. 356

**Opal**—*Working with Opal.* Edgar Wengerd. Oct., p. 411  
**Pyrite**—*Trapezohedral Pyrite in Ohio.* Henry H. Fisher. July-August, p. 293; *Minerals from Thomaston Dam, Thomaston, Connecticut.* Joseph Molon. Nov., p. 449; *Mineral Collecting in Magnet Cove, Arkansas.* Woodland G. Shockley. Dec., p. 495  
**Pyromorphite**—*The Lead Mines of Loudville.* John Marshall, Pete J. Dunn. June, p. 250; *Pyromorphite.* Richard Green. April, p. 130  
**Pyrrhotite**—*Pyrrhotite.* Bernard M. Dubeski. Oct., p. 398  
**Quartz**—*Unusual Jade-Like Quartz from Georgia.* Cecil Boatwright. Jan.-Feb., p. 20; *Minas Gerais, Brazil—A Happy Hunting Ground.* Linda Kase. Jan.-Feb., p. 11; *Minerals from Thomaston Dam, Thomaston, Connecticut.* Joseph Molon. Nov., p. 449; *The Inclusions of Quartz.* Bruce Maier. Nov., p. 461  
**Thompsonite**—*Analcime and Thompsonite in Humboldt County, Nevada.* Ed L. Schrader, William J. Furbish. July-August, p. 283; *Mineral Collecting in Magnet Cove, Arkansas.* Woodland G. Shockley. Dec., p. 495  
**Titanium**—*Mineral Collecting in Magnet Cove, Arkansas.* Woodland G. Shockley. Dec., p. 495  
**Tourmaline**—*Minas Gerais, Brazil—A Happy Hunting Ground.* Linda Kase. Jan.-Feb., p. 22; *Three Recent Discoveries in New England.* John Marshall. June, p. 237  
**Wulfenite**—*The Lead Mines of Loudville.* John Marshall, Pete J. Dunn. June, p. 250; *Suggestions from a Veteran Collector.* John Reiner. June, p. 258
